

LUXE *series*

 **DAYSPRING**  
HEALTH SCREENERS

Dayspring's **LUXE** *series* brings you beyond pure luxury to sheer necessity. It's a lifestyle and attitude that you can afford to adopt and yet, can't afford to neglect. Complete with a medical examination, personal consultation and lifestyle counselling, review of your medical history, comprehensive blood analysis & radiology tests, your entire health needs are taken care of by choice options available in this series.

**JOYANCE** gives you an additional advantage to your health screening experience with tests for visual acuity, chest x-ray, electrocardiogram (ECG) and bone densitometry.

**RADIANCE** increases your screening options to include spirometry. For ladies, the all-important pap smear test. In addition, there is the choice of 1 radiology test – abdominal ultrasound, treadmill, pelvis or breast ultrasound (the latter two for ladies only).

With **VIBRANCE**, your choices widen to 2 radiology tests and a cardiac profile.

**LUMINANCE** extends your coverage beyond **VIBRANCE** to include a 3rd test from the following options: Ear Nose and Throat screens, a more in-depth screen for the eyes with retinal photography and tonometry.

**BRILLIANCE** tops it all with the choice of a 4th test to leave no stone unturned.

Designed to detect the early signs and prevent the onset of age-related conditions, **ABUNDANCE** comes complete with bone densitometry, ultrasound and key hormonal tests coupled with medical screens intended specifically for gentlemen and ladies, forty years old and above. Treat yourself to **ABUNDANCE** and enjoy life to the fullest - all day every day.

Dayspring Health Screeners is also happy to share the **LUXE** and **Love** series with you. They have been lovingly designed to meet your every need and we will be most delighted to explain their coverage if you are interested. Please give us a call on **6339 9339** for more information or SMS **9199 0123** for appointment.
